

I'm a Senior Graphic and Web designer from Santa Fe, Argentina. Design is my lifestyle, is my way to think and solve problems. I love to design from a concept or strategy. I like to experiment with different techniques and softwares and I'm a big fan of the digital tech industry. I'm looking for a full time remote work. I adapt easily to different work methods and different teams. I learn fast. I can speak fluently in English and Portuguese.
